

Mittleman Global Value Equity Fund – Class P

Monthly Report – May 2021

Commentary¹

The Mittleman Global Value Equity Fund (MGVEF) advanced 9.0% in May, vs. an increase of 1.3% in the MSCI ACW Net Total Return Index.

In May, the top three performing stocks, from a contribution standpoint, were International Game Technology (+40.9%), Cineplex Inc. (+25.9%) and Revlon (+7.9%). IGT reported strong first quarter results that far surpassed consensus expectations, driven by a rapid recovery in lottery sales and a more streamlined operation after the divestment of IGT's Italian gaming business. Cineplex continued to benefit from optimism around vaccine rollouts and a larger reopening of theatres around the Summer blockbuster season. The stock did not appreciate nearly as much as its US-based peer and former MGVEF holding, AMC Entertainment, which rocketed "to moon" as a result of meme-driven trading, but Cineplex is a far superior business in terms of quality and risk/reward.

The bottom three performing stocks, from a contribution standpoint, were Aimia (-1.1%), Greatview Aseptic Packaging (-2.3%) and CMIC Holdings (-6.3%). The larger decline in Greatview and CMIC were less impactful due to their smaller weighting in the portfolio.

Investment strategy

Mittleman Investment Management, LLC (MIM) is an SEC-registered investment advisor based in New York that pursues superior returns through long-term investments in what it deems to be severely undervalued securities, while maintaining its focus on limiting risk. It invests in businesses that it believes are proven franchises with durable economic advantages, evidenced by a well-established track record of substantial free cash flow generation over complete business cycles, and only when the very low valuation at which the investment is made provides a significant margin of safety. MIM's value-oriented strategy is to invest in a concentrated portfolio (usually between 15 to 20 securities) of primarily common stocks, unrestricted as to market capitalisation, and in both developed and emerging markets.
